Thanks for completing The Check 10 Global Personal Assessment Tool. Add up your total score and whatever the number is, you will fall into the level 1, 2, 3 or 4 category, then take a look at your highest score, lowest score and where you gave yourself a neutral score of 5.

**Level 1** Get busy working on your personal leadership it will make all the difference in the things you want to achieve and the gaps you need to close in your personal and professional life because leadership is the lid on all of our lives

**Level 2** The thing that affects our possibilities and what we can accomplish more than anything else is our approach to personal leadership and your attitude towards teamwork, feedback and coaching. Most things rise and fall based on leadership and your story of what's possible.

**Level 3 leader** You have an evolving sense of leadership that should and could be harnessed for greater personal productivity.

**Level 4** You have a highly evolve sense of leadership and should consider stepping into leadership mastery and manually plotting out what makes you good and then individually practicing each skill so that aware-mastery is practiced. Work with a mastery coach.
